

Submission of final manuscripts for publication

All papers to be reviewed for publication in the Special Issue of *Marine Pollution Bulletin* (with an impact factor of 3.241 in 2017) should be submitted via its online submission system no later than **5 August, 2019**. The manuscripts should be prepared following the instruction and guidelines to authors of the journal, which can be found on *Marine Pollution Bulletin* website at <http://www.ees.elsevier.com/mpb/> (the website can also be accessed by scanning the QR code at the bottom of the page).

To submit your paper via the online submission system, you will need to register as an author if you have not already done so. Once registered, please click “submit paper”, and you will be guided stepwise through the creation and uploading of the various required files. **Please ensure that you select “HK Conference 2019” under the “Virtual Special Issue (VSI)” when you submit your manuscript.** Once the uploading is complete, Elsevier’s system will automatically generate an electronic (PDF) proof, which is then used for reviewing. All correspondence, including notification of the Editor’s decision and requests for revision, will be *via* e-mail.

If you have any inquiries regarding this matter, please contact our Managing Editor, Dr. Bruce Richardson at baseline@sti.net.
